---

On July 15, 2005 Pan Pacific Hotels and Resorts opened its second property in Whistler, B.C. Teaming up once again with Intravel Corporation, the Pan Pacific Whistler Village Centre is a newly constructed 83 room, all suite luxury boutique hotel.

Located in the heart of Whistler Village, only steps from the existing Pan Pacific Whistler Mountainside, this contemporary resort is an enhancement to the inventory of 121 deluxe rooms and suites Pan Pacific already manages in North America's number one 'playground.'

Under the guidance of Howard Bingham Hill Architects and Santa Monica based interior designers Hirsch Bedner & Associates, Pan Pacific Whistler Village Centre has been thoughtfully and carefully designed to showcase its prominent gateway location.

The hotel, valued at CDN\$54 million, comprises larger suites and clever design features to provide more flexible, efficient use of space such as foldaway dining tables and breakfast bars, built-in storage units, spacious bathrooms and functional kitchen designs.

The suites range in size between 407 and 1,680 square feet. Architectural details include stepped architecture that allows for unique suite designs and a variety of balcony sizes. Some suites have vaulted ceilings, while all suites contain oversized windows, maximizing view opportunities to the surrounding mountains and village.

Amenities in the luxury hotel include a 25 yard lap pool and two hot tubs, spa and treatment rooms, sauna, fitness rooms, private landscape areas, outdoor BBQ area, room service, meeting rooms, business centre and ski storage at mountain base.
