

ReServe Interactive Dining Reservation and Table Management software the choice of the Hilton
Waikaloa Village
2007-08-06

ReServe Interactive, a leader in hospitality technology, offers software designed to fit the needs of the restaurant industry. The Hilton Waikaloa recently joined the long list of ReServe customers who have found ReServe Interactive's Dining Reservation and Table Management software streamlines the coordination of reservation and guest seating.

Hilton Waikaloa Village on Hawaii's Big Island offers lush tropical gardens, exotic wildlife, cascading waterfalls, tranquil lagoons and waterways, playful dolphins, three swimming pools, beautifully appointed guest rooms and extensive indoor and outdoor meeting and event venues. The resort also boasts two championship golf courses, a seaside putting course, world-class tennis, the luxurious Kohala Sports Club & Spa, nine international cuisine restaurants, the Museum Walkway, Camp Menehune children's program and Hawaiian cultural activities.

The ReServe Interactive software allows restaurant management to streamline the coordination of servers, tables, walk-ins and arriving partners, while providing the details necessary to impress each guest with exceptional service. The software provides an at-a-glance graphical representation of the dining room with interactive table status so a hostess or manager can get a quick, accurate update of seating resources.

ReServe Interactive specializes in Catering, Event Management, Dining Reservations and Table Management applications for the hospitality industry and is the only integrated solution for managing banquets and restaurant reservations in one system. ReServe Interactive software is suitable for a variety of hospitality venues including hotels, restaurants, sports and entertainment facilities, golf clubs, private clubs, cultural institutions and wineries. The company brings more than two decades of experience in hospitality management and software development.
