

Hampton Opens 20th Hotel in Canada

2007-08-14

Property Marks 11th Hampton Hotel to Open in Ontario

Hampton, the international brand of more than 1,400 mid-priced Hampton Inn(R) and Hampton Inn & Suites(R) hotels, today announced the opening of the 92-room Hampton Inn by Hilton London, Ontario in Canada. The hotel marks the 20th Hampton hotel to open in Canada and brings the brand's total room count in the country to 2,238.

'With this opening, Hampton now is the most well represented brand of the Hilton Family of Hotels in Canada,' said Phil Cordell, senior vice-president, Hampton brand management. 'We are now represented in five provinces across the country, and we still see tremendous potential here. Canada is a priority market for us, as it generally is underserved by branded hotels, particularly in the mid-market, focused-service segment.'

Located at 840 Exeter Road, the six-story hotel is situated within driving distance of numerous corporate offices, including 3M and Ford, as well as Victoria Hospital and the John Labatt Centre, home of the London Knights OHL hockey team.

Hotel amenities include an indoor pool, fitness facilities, full-service business center and free wireless, high-speed Internet access throughout the hotel. Rooms are equipped with an oversized work desk, two telephones with voice mail and free local telephone calls, as well as 32-inch LCD televisions. All Hampton hotels provide complimentary On the House(R) hot breakfast and On the Run breakfast bags(TM), Purity Basics(R) bath products, a curved shower rod, the Hampton bedding package -- Cloud Nine. The Hampton Bed Experience and the industry's easiest-to-set alarm clock/radio.
