Paseo del Sol Fractional Condo-Hotel in Playa Del Carmen to install Owner Experience Website Solution

OwnerRelations Technology has been selected to install the Owner Website Experience and Owner Accounting solution for the Paseo Del Sol Fractional Condominium hotel located in Playa Del Carmen, Mexico.

The web based software automatically generates monthly accounting statements for each Fractional condominium owner in the rental program, and allows each owner to view or print their statement on demand through a secure, professional looking, customized, website.

In addition to accounting statements configured precisely to meet the Rental Management Agreement terms, the OwnerRelations software provides a complete Owner Experience website solution offering such services as online documents, messaging, owner reservation requests, FAQ's, Owner Concierge, and more.

'We are delighted that Encanto Resorts has chosen OwnerRelations Technology to provide these services for their featured property,' says Frank Franchini, President of OwnerRelations Technology. 'Because so many of the fractional condo owners are US and Canada based, it will provide them with a quick, reliable, and efficient method to keep appraised of their investment. A limited account login for prospective buyers can also be used to help sell units,' says Franchini.

Encanto Resorts and the Paseo Del Sol joins a growing list of whole ownership and fractional condo-hotels and property managers to see the immediate advantages of utilizing the Owner Experience Website Solution provided by OwnerRelations Technology.

About Paseo Del Sol

This beautiful and charming property has 65 private 2 and 3 bedroom suites with exquisite details and finishing's in Playa del Carmen Mexico's Yucatán Peninsula. It is the newest resort in the high end gated community of Playacar in la Riviera Maya.
