2008-04-08

Guest amenities have gone to the dogs. No longer are welcome cookies, in-room toiletries, and turn down service just human luxuries. Savannah Ashcroft now introduces a complete line of pet guest amenities for all pet friendly lodging properties.

Hotels can choose from a variety of organic treats, branded pet accessories, services and products for four legged guests. By offering custom branded pet amenities, pet friendly hotels help to build customer loyalty, increase return visits, and create unique branding opportunities for themselves. Accommodations rich in pet amenities are sure to become man's best friend.

Providing amenities for pet guests answers the increasing demand from pet lovers that pets be recognized, catered to and treated as family members. Statistics reveal that close to 70% of pet lovers travel with their furry companion and that number is steadily increasing. Savannah Ashcroft enables pet friendly hotels to offer the small touches that will leave lasting impressions with guests.
