New Franchisee of EVOS Feel Great Fast Food Approved for Phoenix, AZ

Healthy Fast Food, Inc. (OTCBB:HFFIU), continuing its expansion efforts of EVOS(C) Feel Great Fast Food(TM), announced today the newest franchisee of EVOS, USA, in HFFI's 12 state territory. As the latest EVOS franchisee in HFFI's 12-state territory, Evolutionary Fast Food, LLC. intends to open their first location in the Phoenix, AZ market this year.

'We loved the concept, as we feel the timing is right for healthier fast food that fits with the American life style,' said Richard Frakes, Owner of Evolutionary Fast Food, Inc. 'We are excited to introduce the Phoenix area to the EVOS concept.' Evolutionary Fast Food, LLC. joins California Healthy Partners, LLP. as EVOS franchisees in Healthy Fast Food, Inc.'s 12 state territories.

'We welcome Evolutionary Fast Food to our territory and we are just delighted to work with them to introduce the concept to the Phoenix market,' said Hank Cartwright, CEO of Healthy Fast Food, Inc., an Area Representative of EVOS USA, Inc. 'We look forward to expanding the EVOS brand in Healthy Fast Food's territory.'

According to the National Restaurant Association, 65% of U.S. adults are either overweight or obese (NHANES), and 18.8% of children ages 6-11 years and 17.4% adolescents ages 12-19 years are overweight (NHANES). 'These statistics are frightening,' said Cartwright. 'People need to have healthier options, even in fast food.'

EVOS offers something for everyone by only using unique ingredients/recipes and alternative cooking techniques, which results in high-quality nutrition and 50-70% less fat, calories, and cholesterol, than comparable food items offered at other restaurants. The menu offers a variety of burgers including naturally grown, hormone and antibiotic-free beef, cholesterol-free, protein rich soy, vegetable, lean turkey, hormone-free chicken breast, and trout burgers, yes, trout. And remember, nothing is fried. You can order chicken and vegetable wraps, organic salads, real fruit shakes, organic milkshakes, and of course, fries, EVOS Original Airfries™. They are air-baked, resulting in 50% less fat than traditional fries.
