---

Embassy Suites Cincinnati - RiverCenter, a leading Cincinnati Hotel located along the Ohio River, is excited to be putting the finishing touches on a \$4 million renovation. Heading into the summer season, hotel directors are eager to show off a new standard for both Cincinnati hotels and all Embassy Suites, the Hilton Hotels Corporation's upscale line of all-suite properties.

Attractive enhancements can be found property-wide with a focus on the two-room suites. Returning guests will be surprised to discover all new room furniture including fine sofa beds, chairs, tables, dressers, and a stunning armoire along with high tech improvements such as 2 high-definition LCD TVs. The suites also received a visual overhaul with new artwork and color tones throughout. Suite bathrooms have been refurbished as well with slick granite vanity tops and cherry wood shelving.

Embassy Suites Cincinnati-RiverCenter also invites guests to enjoy the benefits of the renovation throughout the hotel. Most public spaces including the lobby and all of the meeting rooms have been redone with new carpeting, and the front desk was reconfigured to allow for better guest satisfaction. The already beautiful atrium has been finished with a permanent breakfast buffet area, making it more convenient for guests to enjoy the signature cooked-to-order breakfast.

Finally, the 3,800 sq. ft. John A. Roebling Ballroom now features state-of-the-art airwalls, a form of noise-reduction divider.

These renovations go hand in hand with already cutting edge on-site facilities including an executive business center, deluxe fitness room, and extensive meeting and function space. Management is eager to show off how one of the leading area hotels can get even better this summer.
