---

On September 1, Trump International Hotel & Tower Chicago will unveil 53 spa guest rooms at The Spa at Trump. These specially designed accommodations, ranging from 600 to 900 square-feet, will provide a transformational getaway expertly guided by the Spa Attache, who will customize the guest experience from start to finish.

"We are among few properties in the world offering such uniquely appointed guest rooms devoted to the spa experience," said T. Colm O'Callaghan, vice president, managing director of Trump International Hotel & Tower Chicago. "We believe they will attract the visitor seeking both relaxation and access to the best of the city from our prime location in the heart of Chicago. We anticipate locals will relish a calming escape in their own backyard. They provide a truly unique experience for the mid-week business traveler, and finally, local residents and weekend visitors have a resort-like venue in downtown Chicago."

Upon entering their spa guest room, fashioned with gentle earth tones, light woods and wellness-focused amenities, guests will find inspiring city, riverfront and lake views. Guests will also discover special touches, such as a warming caddy revealing herbal-scented neck and eye pillows and a Signature Bath Menu. The spa guest room mini-bar will uniquely address healthy living at The Spa at Trump. Nourishing food and beverage options will range from dried fruit, nuts and chocolate to an organic selection of wine, Champagne, tea and sake. The room will also showcase popular spa products that will evolve with the seasons. Several signature treatments-including gemstone massages-will be available in-room, and one spa guestroom will connect to The Spa at Trump's Couples Spa Suite.

For fitness enthusiasts, spa guest rooms at The Spa at Trump will include a yoga kit and a Technogym(R) Wellness Rack. Guests will have unlimited access to the Trump Health Club, and can utilize the impressive cardio and weight rooms, as well as the 75'x24' heated indoor swimming pool. Personal training and nutrition sessions are also available.

Including signature treatments featuring products and techniques from the leader in male grooming, HOMMAGE, as well as those of celebrity aesthetician Kate Somerville, spa guest rooms at The Spa at Trump will provide an ideal escape for both men and women. The Spa at Trump will introduce several comprehensive packages, including individual, couple and guy/girlfriend getaways. Enhancements such as a guided run along Lake Michigan or a healthy cooking class with Executive Chef Frank Brunacci are just two examples of how the Spa Attache can work with guests to make the journey uniquely theirs.

Spa guest room rates at Trump International Hotel & Tower Chicago start at \$495.
